Male & Female

## US Junior

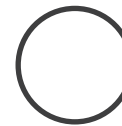

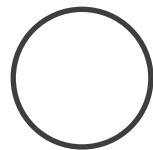

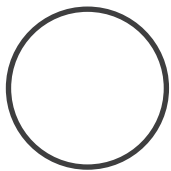

18.20mm / .717in  
Male & Female

## European/US Tom Thumb

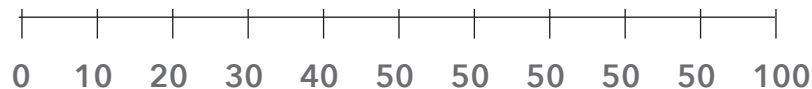

15.00mm / .591in  
Male & Female

You need to be able to un-screw your existing nozzle.

Place your existing aerator on the circle to get a match.

Test measurment to see that you have the right scale on your print. In millimeters.
